

VISION STATEMENT

We, the Holy Cross School communities,
are each a faith community founded
in Gospel Values, serving humanity:

Through the continuation of the Mission
of Jesus Christ within the context of the
Catholic Church
with a special concern
for the poor and the underprivileged.

Through a culture of
learning for the upliftment of
the whole child

Through an education that combines
spiritual and moral growth
with academic achievement

Through building the Kingdom of God
by the integration of
faith with living
